HAZELNUT GROWER'S HANDBOOK UP-DATED EDITION

The most significant publication on growing hazelnuts in Australia in recent years is now available through Hazelnut Growers of Australia Incorporated (HGA).

'The Hazelnut Growers Handbook' has been revised, rewritten and updated by Lester Snare of Industry & Investment NSW. The project was partly funded by Horticulture Australia Ltd.

The handbook will be an invaluable resource to both new and established hazelnut growers, whether in home orchard, or small or large commercial operations.

If you would like a hard copy book of the Handbook, please complete the order form below.

Please note that a digital version of the Handbook is made available to financial members of HGA in CD format, at no cost, as part of their membership benefit package.
